

CJ McLaughlin

CJ McLaughlin is a professional NASCAR driver competing in the Xfinity Series and a proud partner of Main Street Auto. With a background in engineering and years of racing experience under his belt, CJ brings a rare mix of technical skill and a lot of determination to the track.

Working with CJ was an awesome experience. While I introduced him to the world of marketing—interviews, photoshoots, and brand storytelling—he introduced me to the world of NASCAR. From the energy in pit lane to behind-the-scenes strategy, I got to experience racing in a whole new way. CJ brought enthusiasm to every creative idea we pitched and fit the Main Street Auto brand perfectly.
